---

With regard to the attached message, please note that we actually have a scheduled meeting with OPP quantitative staff tomorrow morning to discuss questions about the details of the epi stats analyses. We'll continue to try and assist OPP staff come up the learning curve and respond to their technical questions ASAP.

---

Thank you for a productive meeting this week. As you know, we have a meeting scheduled next week to talk about the more technical aspects that Ray Kent outlined in an email he sent on 12/23/11.

In an effort to more concisely convey our questions, staff in OPP met today and began to group our questions into focus areas. We also defined timelines to help shape future discussions.
